Dear Judge Drain:
I am a Delphi 14E-CWA
retiree, not understanding

it is right to dispose of people who made
a good product so G.M. and Packard
Electric could turn a good profit. I will
be brought to below poverty level with no
health care and very little pension. Those at
the top keep most, but the actual workers
get the scapings from the bottom, How is
that fair? Lou Ann Kilgore
